

LAWFULLY HOMELESS

**Landlords raise rent, “lawfully”
Min. Wage kept LOW, also “lawfully”**

But why “lawfully”? Because the city council said so.

**We being pushed to
homelessness,
Must be also lawful.**

As a consequence of a “lawful” act.

**The City Council
created homeless with
2 “lawful” laws,
RENT UP & MIN.**

WAGE LOW.

**It is not charity that 75,000 homeless in
Los Angeles are looking for. It is
RESTITUTION of our “lawfully” stolen
salary and housing.**

We the lawfully Homeless

PD: this can become a legal theory that we need to explore, for future legal and political struggles.
We used to be houseless because we happened to have a home, sidewalks, parks and our vehicles were our home.

Now we are dispossessed for a second time by LAMC 41.18 (no sit, no sleep, no live).

We are lawfully homeless, we have no home anymore.

Benito Flores, Reclaimer of El Sereno, and lawfully homeless.
